One Man's Journey Through The Heyday Of Punk Rock

Where were you during the last great youth movement? I was going to college during the day and standing in the mosh pit, documenting the ever changing punk rock subculture, by night. This show will give you a glimpse into those years I spent trying to record the last real youth movement in this country.

LPAA Gallery on Main presents Kevin Hutchison's retrospective on the punk rock movement. The exhibit opens on October 10, 2015 at 2PM. Join Kevin at the opening event.
